### STATEMENT OF INVESTMENT POLICY Spokane Employees' Retirement System

Date Approved: February 28, 2018

Date Reviewed: February 27, 2019?

#### **POLICY OVERVIEW**

The Board ("Board") of the Spokane Employees' Retirement System ("SERS") hereby establishes this Statement of Investment Policy ("IPS") for the investment, in accordance with applicable federal, state and municipal laws and regulations, of SERS assets ("Fund"). This IPS defines the investment policies for the management and oversight of the Fund for SERS.

The guiding principles with respect to the investment of the Fund are to preserve the ability for the Fund to meet its long-term liabilities within prudent risk parameters. Toward that end, the Fund has established the following goals:

- 1) Accumulate sufficient assets through a diversified portfolio of investments to pay all current and future retirement benefits and expense obligations of the Fund.
- 2) Establish an asset allocation policy that is expected to meet the required rate of return over long periods of time while minimizing volatility.
- 3) Minimize the costs associated with implementation of the asset allocation through the efficient use of resources.
- 4) Operate solely in the interest of the participants and beneficiaries and for the exclusive purpose of providing benefits to the participants and their beneficiaries and defraying reasonable expenses of administration.
- 5) Seek investment returns and funding policies that will allow for ad hoc increases in retirees' annuities so as to maintain the purchasing power of their benefit.

#### **ROLES AND RESPONSIBILITIES**

The Board, as a fiduciary, is responsible for establishing the IPS, reviewing the IPS as required, and making changes as necessary. The Board is also responsible for selecting and monitoring the investment consultant, investment managers, custodian, auditor, actuary and any other service providers necessary in the fulfillment of this policy and the Fund objectives. Responsibility for day-to-day administration and implementation related to the IPS may be delegated to the Chief Investment Officer (CIO) and/or other SERS staff. Responsibilities of the CIO (and/or SERS staff at the direction of the CIO) include:

- 1) Implementation of the Fund's investment goals, objectives and policies.
- 2) Due diligence, monitoring, and contracting of the Fund's investment managers.
- Due diligence, monitoring, and contracting of the Fund's service providers.

- 4) Make buy/sell decisions to provide for regular liquidity requirements and rebalancing within the asset allocation guidelines.
  - a. The Board will be notified in advance of all transactions. The transaction will be considered approved if the Board does not object to the proposed transaction within one business day.
- 5) Monitoring and evaluating performance results to assure that the policy guidelines are being met.

The Board and staff may also delegate certain responsibilities to professional service providers in various fields. These experts include:

- 1) <u>Investment Consultant.</u> The investment consultant will assist in: 1) establishing investment policy; 2) designing objectives and guidelines; 3) selecting investment managers; 4) reviewing such managers over time; 5) measuring and evaluating investment performance; and, 6) other tasks as deemed appropriate. It is expected that the investment consultant will be selected by the Board and will serve as a co-fiduciary on all investment related decisions and will have the proper insurance to cover exposure.
- 2) <u>Investment Managers.</u> An investment manager has discretion to purchase, sell and/or hold the specific securities that will be used to meet the Fund's investment objectives while observing and operating within all policies, guidelines, constraints, and philosophies as outlined in this statement and in their specific manager guidelines.
- 3) <u>Custodian.</u> The custodian will maintain possession of securities owned by the Fund, collect dividend and interest payments, redeem maturing securities, and effect receipt and delivery following purchases and sales. The custodian will also perform regular accounting of all assets owned, purchased, or sold, as well as movement of assets into and out of the Fund accounts. The custodian will provide at a minimum monthly reporting of assets and transactions and provide any additional data requests.
- 4) <u>Auditor.</u> The auditor will provide an annual review the Fund's books and records, accounting policies, and internal controls to provide an opinion that the financial statements are presented fairly and without material misstatement.
- 5) <u>Actuary.</u> The actuary will provide an annual valuation of the Fund's total pension liability based on the actuarial assumptions approved by the Board.
- 6) <u>Other.</u> Additional specialists may be employed to assist in meeting its responsibilities and obligations to administer Fund assets prudently.

Board and staff do not maintain any control over the individual investment decisions made by the investment managers. The investment managers will be held responsible and accountable to achieve the objectives outlined in their specific investment guidelines as provided in the agreement, prospectus or other such documentation.

All expenses for such experts must be customary and reasonable, and will be borne by the Fund as deemed appropriate and necessary.

#### **INVESTMENT OBJECTIVE**

The investment strategy of the Fund has been established to emphasize total return; that is, the aggregate return from capital appreciation, dividend and interest income, net of any investment management fees. The Fund currently has a long term actuarial expected rate of return of 7.50%. In consideration of this expected return, the primary investment management objectives for the Fund assets shall be to maximize total return over time at an acceptable level of risk and to provide relatively smooth and predictable distributions to the beneficiaries. Additionally, the Fund will be invested according to the following general principles:

- Investments shall be made solely in the interest of and for the beneficiaries of the Fund;
- Investment of the Fund shall be diversified as to minimize the risk of large losses, unless under the circumstances it is prudent not to do so;
- Risk shall be evaluated in the context of the portfolio in its entirety with particular focus
  on how the various asset classes and investment strategies correlate to one another;
- Care will be taken to provide adequate liquidity to meet all current spending obligations of the Fund;
- Cash is to be employed productively at all times, to provide safety, liquidity, and return;
   and,
- The investment manager(s) should, at all times, be guided by the principles of "best price and execution" and that the Fund's best interests are the primary consideration.
- Investment management fees shall be reasonable. Fees should be minimized unless additional fees are expected to generate additional returns in excess of the additional fees or to provide additional diversification unavailable in a low-cost, passive investment.

#### **ASSET ALLOCATION GUIDELINES**

To achieve its investment objectives, the Fund will be allocated among a number of asset classes. These asset classes may be broadly defined to include capital preservation, domestic equities, international equities, long biased, opportunistic credit, real estate and special opportunities.. The purpose of allocating across these asset classes is to ensure the proper level of diversification within the Fund and improve the risk-adjusted efficiency of the investment portfolio. The following table outlines the Fund's target asset allocation along with standard minimum and maximum allocation rebalancing guidelines. Allocations in excess of the standard minimum or maximum require Board approval.

Asset Class	<u>Minimum</u>	<u>Target</u>	<u>Maximum</u>	
Capital Preservation	20%	23%	26%	
Cash	0%	0%	2%	
Total Return Bond	8%	10%	12%	
High Yield Bond	3%	5%	7%	
Absolute Return	6%	8%	10%	
Domestic Equities	29%	32%	35%	
Large Cap Equity	19%	21%	23%	
Small/Mid Cap Equity	9%	11%	13%	
International Equities	19%	22%	25%	
Large Cap Equity	13%	15%	17%	
Small/Mid Cap Equity	2%	4%	6%	
Emerging Market Equity	1%	3%	5%	
Long Biased	4%	7%	10%	
Opportunistic Credit	4%	7%	10%	
Real Estate	6%	9%	12%	
Special Opportunities*	0%	0%	10%	

#### \* Special Opportunities

This asset class is designed to allow the committee to pursue unique investment opportunities that may fall outside of current asset class descriptions. These opportunities are generally defined by higher expected return potential relative to broad public equity markets. However, they may also include opportunities expected to provide equity-like returns with significantly less risk. Given the variable nature of this opportunity set, the asset class retains a target allocation of 0%, but may be implemented at the discretion of the Board as opportunities present themselves. Funding for the asset class will generally be redirected from the broad public equity allocation.

#### **REBALANCING OF FUND ASSETS**

The asset allocation exposures will be closely monitored with the understanding that the various asset classes may perform differently and that the relative attractiveness of asset classes may vary over time. The Fund's allocation will be reviewed at each Board meeting, as well as during periods of severe market change to assure that allocations remain within their respective guidelines and consistent with the long-term objective of the Fund. If an asset class

is outside the allowable range, the Board, or its designee, may take appropriate action to redeploy assets. In any investment rebalancing situation the Board, or its designee, will consider market conditions, costs and other investment related factors. In certain circumstances, when appropriate and at the Board's discretion, the Fund may be allocated outside the ranges provided in the Guidelines.

#### INVESTMENT PERFORMANCE REVIEW AND EVALUATION

Performance reports shall be compiled at least quarterly and presented to the Board for review. The investment performance of the total Fund, as well as the asset class components, will be measured against commonly accepted performance benchmarks. Consideration shall be given to the extent to which the investment results are consistent with the investment objectives, goals, and guidelines as set forth in this statement. The Board recognizes the long term nature of the Fund's objectives and the variability of market returns. Periodic underperformance relative to any criteria outlined in this IPS will not necessitate the termination of an investment option.

As referenced above, the Fund's total account performance objective is to achieve the long-term actuarial rate of return and to minimize the risk of failing to meet this expected return. To that end, managers have been selected based on their perceived ability to meet and or exceed predetermined benchmarks.

The total return of the Fund will be measured against a passive policy index of comparable risk comprised as follows:

Asset Class	<u>Benchmark</u>	<u>Weight</u>
Cash	US 90 Day T-Bill	0%
Total Return Bond	Barclays US Aggregate Bond Index	10%
High Yield Bond	Barclays US Corporate HighYield	5%
	Index	
Absolute Return	HFRI FOF Conservative Index	8%
Domestic Large Cap Equity	S&P 500 Index	21%
Domestic Small/Mid Cap Equity	Russell 2500 Index	11%
International Large Cap Equity	MSCI ACWI ex-US Index	15%
International Small/Mid Cap	MSCI ACWI ex-US Small Cap Index	4%
Equity		
Emerging Markets Equity	MSCI EM Free Index	3%
Long Biased	HFRI FOF Composite Index	7%
Opportunistic Credit	HFRI Distressed Restructuring Index	7%
Real Estate - Private	NCREIF – ODCE Index	<u>6</u> 9%
Real Estate - Public	FTSE NAREIT Index	<u>3%</u>
Special Opportunities	Russell 3000 Index	0%

Additionally, the Board shall compare the performance of each individual investment alternative against the performance of the peer groups, relevant index benchmarks, and the manager's strategic benchmark if it differs from the relevant benchmark. The Board shall track the investment vehicle's performance relative to its benchmark(s), and the degree to which variance in the vehicle's performance can be explained by variance in the performance of the benchmark(s). Initially, indices used for comparison purposes shall include the following:

#### **Investment Category**

Notwithstanding this initial designation, the Board may change indices used for comparison if it is determined that a different index provides a more useful or appropriate benchmark for any designated investment vehicle.

If the net of fee performance of an actively managed investment option lags significantly behind that of the representative benchmark index over a trailing five year period and the option's performance places it significantly below category averages, the Board may designate

the option as "on watch" and, in so doing, shall endeavor to investigate why the option's relative performance has lagged; and determine whether the option continues to be an appropriate investment for the Fund.

If a statistical analysis of an indexed/passively managed investment option indicates that the option is not performing similarly to its benchmark, the Board may designate the option as "on watch" and, in so doing, shall endeavor to investigate why the invest performance has varied from the benchmark; and determine whether the option continues to be an appropriate investment for the Fund.

In addition to net investment performance, the Board will also review the investment products' risk characteristics in relation to that performance. Risk will be measured in various ways including, but not limited to:

- Standard deviation
- Risk/return ratios such as Sharp or Treynor Ratios
- Up market and down market performance
- Other statistical measures such as Beta and Alpha
- Style drift

The investment options will also be monitored on an ongoing basis for material changes such as personnel departures, research capability adjustments, organizational changes, or alterations in investment style, philosophy, or strategy, as well as adherence to stated guidelines.

#### MANAGER SELECTION

To facilitate the Board's manager selection decisions, the Consultant and Staff will present a formal search, with recommendations, for all new and replacement investment managers or funds. Initial due diligence should include a review of the investment philosophy, process, team, and performance record. Risks posed by a concentrated exposure to a single investment manager or co-investor will also be evaluated. Additional due diligence should be conducted for investments in new asset classes, firms with limited track records, or limited partnerships to evaluate any idiosyncratic risks the investment may pose, which may include interviewing key personnel, legal review, and on-site due diligence.

#### **INVESTMENT POLICY REVIEW**

To assure continued relevance of the guidelines, objectives, financial status and capital market expectations as established in this statement of investment policy, the Board will review the IPS annually, or more frequently if conditions warrant.

# Spokane Employees' Retirement System On-Watch Fund Summary 4Q 2018

#### Vanguard Mid Cap Growth

This is a multi-manager fund currently sub-advised by Frontier Capital (45% AUM), Wellington (5%) and RS Investments (50%). The fund was initially placed on watch for underperformance and subsequently due to manager turnover. In December of 2016, VG replaced long-time manager Chartwell Partners with RS Investments based on a combination of personnel changes, performance and style drift. In December of 2018 VG replaced long-time manager William Blair with Frontier and Wellington citing personnel turnover and lack of acceptable succession planning despite strong performance. Recent performance had improved significantly setting the stage to remove the strategy from watch. However, the recent manager turnover warrants the fund remain on-watch despite performance improvements.

#### Jackson Square Large Growth

This large growth strategy has been a consistent top performer placing at or above median in its peer universe in 8 of the last 10 calendar years. However, in 2016 a combination of style headwind (underweight to cyclical growth) and poor stock selection in a couple of their top holdings led them to dramatically underperform for the year. There have not been any fundamental changes to their personnel or process, and we retain our conviction in the team that operates in a very difficult segment of the market increasingly dominated by the results of a handful of large technology firms. Performance post 2016 has been largely at peer median.

#### MFS Blended Research

• Initially hired to provide a low cost, low tracking error active management solution within the large cap blend asset class. The strategy has retained its relatively low tracking error profile but failed to deliver alpha over a passively managed index. The Fund's high-quality bias (low leverage) and slight value bias have been extended headwinds for the fund. A detailed review is to be completed for the 4Q2018 investment committee meeting.

#### Sterling Mid Cap Value

Sterling Mid Value has just recently gone on watch status for underperformance, including significant underperformance (-600bps) in the final two quarters of 2018. Part of this underperformance is due to a structural (long-term/consistent) underweight to Utilities and REITS (top-performing sectors in 4Q18). They simply feel that these sectors of the market generate below average returns on capital over a full cycle. While we agree with this assessment, it creates additional tracking error vs. the policy index and peer group that investors need to be aware of. As expected, they have performed well in the recent market rebound to start 2019. There are no fundamental changes to the strategy or key research personnel.

#### **OrbiMed Partners**

This dedicated long-biased healthcare strategy is on watch for poor performance. They have taken a strong macro position that biotechnology stocks are trading near all-time low valuations versus traditional pharmaceutical companies. As a result, they have structured a portfolio that is heavily long-biased biotech stocks and short pharmaceutical stocks. While we tend to agree with their relative valuation assessment, the current portfolio construction has created a highly volatile return pattern that is dependent on the reversion of valuation spreads between biotech and pharmaceutical stocks. Due to the excessive volatility, we have recently trimmed the position size.

### Spokane Employees' Retirement System (SERS) Board Meeting Minutes January 30, 2019

The regular monthly meeting was called to order at 12:04 p.m. in the Council Briefing Center at City Hall.

Present: Mike Coster, Mike Cavanaugh, Dean Kiefer, and Candace Mumm

**Absent:** J.D. Morscheck, Brian Brill, and Jim Tieken

**Staff:** Phill Tencick, Christine Shisler, Donald Brown, and Tim Szambelan

Guests: Joe Cavanaugh, Natalie Hilderbrand, Bob Olsen, Richard Czernik, Jon

Barnhart, Adam Miles, and John Bjork

#### **Election of Chairperson**

Candace Mumm moved and Mike Cavanaugh seconded the motion to elect Mike Coster as Board Chairperson for the year 2019. The motion passed unanimously

#### Minutes of the December 5, 2018 and January 22, 2019 Meetings

Candace Mumm moved and Mike Cavanaugh seconded the motion to approve the minutes of the December 5, 2018 and January 22, 2019 meetings as presented. The motion passed unanimously.

#### <u>Director's Report</u> Service Retirements

Vesting and death information provided to the Board for review.

#### Expenditure Summary Report – November 2018

The Expenditure Summary Report was presented to the Board and discussed.

Mike Cavanaugh moved and Candace Mumm seconded the motion to approve the November 2018 Expenditure Summary Report. The motion passed unanimously.

#### Schedule of Investments – December 2018

The monthly investment report was presented to the Board for review. The estimated market value of the SERS portfolio on December 31, 2018 was \$295.7 million with an estimated monthly rate of return of -4.3%.

#### Monthly Cash Reconciliation

The monthly cash reconciliation reports for December 2018 and January 2019 were presented to provide the Board with additional insight into the ongoing liquidity and cash position of the plan.

#### SB 5240 Update

Mr. Tencick updated the Board on the SB 5240 hearing before the Ways and Means Committee on January 23, 2019. All of the testimony, including Mr. Tencick's on behalf of SERS, was opposed to the bill due to governance and risk management issues. The Committee has taken no action on the bill since the hearing.

#### Investment Advisory Committee Update

Mr. Tencick presented the Investment Advisory Committee minutes.

Dean Kiefer moved and Mike Cavanaugh seconded the motion to acknowledge the minutes of the January 24, 2019 SERS Investment Advisory Committee Meeting. The motion passed unanimously.

#### Annual Board Agenda

Mr. Tencick distributed a draft annual agenda for the year to the Board and asked for input on education topics within the next couples of weeks.

#### **Spokane Regional Emergency Communications (SREC)**

Mike Cavanaugh moved and Dean Kiefer seconded the motion to defer taking any action until further information is available. The motion passed unanimously.

#### City of Spokane Bond Rating

Mr. Tencick led a discussion on the bond rating provided by S & P for the City of Spokane.

There being no other business, the meeting adjourned at 1:00 p.m.

Phillip Tencick,	Retirement Director
